

THE ULTIMATE WEDDING DRESS GUIDE

Step 3: Wedding Dress Shopping

The first big day as arrived, its time to start trying on dresses!

The Goal: To have an incredible time putting on different wedding dresses with the people you love.

The intent of this worksheet is to give you a safe place to take notes on your experience, how you feel, what you see, what you like!

Print as many copies as you need to highlight each dress and each store so that there is no immediate pressure to buy. You can review your notes before making this big purchase!
